ARTEM KHARCHENKO

About:

A fast-paced Front-End Developer from Ukraine currently located in Poland with an excellent understanding of the basics and a willingness to learn new things. My goal as a Front-End Developer is to use my skills to bring as much value to the company as possible by fulfilling its missions and requirements, solving problems, modifying the code using my knowledge in HTML, CSS and JavaScript languages. Possessing good communication skills, willingness to do a lot of work and a huge interest in web development, I'm ready to gain experience developing with the company and want to make the most of it.

Technical Skills:

- Programming languages: HTML, CSS, JavaScript.
- Technologies and Frameworks: React.js, jQuery, XML, Bootstrap 5, GULP, Node,js.
- Preprocessors: SASS, SCSS, LESS.
- Databases: MySQL.
- IDE: VS Code, Atom.
- Version Control Systems: Git, GitKraken.

Languages Knowledge:

- English: B1-B2 (Intermediate)
- Polish: C1 (Advanced)
- Ukrainian: C2 (Native)
- Russian: C2 (Native)

Education:

- [Colleague] RCEZ (Web-Development and Database creation) Nisko, Poland.

Work Experience:

- [Assistant] TechTop (PC fixing and managing network peripherals) Nisko, Poland.

Recently Completed Pet-Projects:

These projects were fully recreated by myself using figma layouts and I showed them on my website in “Projects” section.

Personal Website: artemkharchenko.eu

Pet-projects:
